General Membership Meeting

- 4 A long (very long) discussion was lead by Jay Horton regarding "Pinning" (i.e. penalizing) individuals for posting (or not posting) their correct adjusted gross scores. The result, after heated discussion and membership voting, was that a "Handicap Committee" be formed to establish "pinning" guide lines and to arbitrate any violation requested by the "violating individual" so pinned. The members who volunteered to be on this committee include Jay Horton, Fred Myers, Dick Reddish, and Leo Woss. (Its nice to get membership participation in these confrontational accounts.)
- 5 Since the above committee was formed, the general membership elected not to have any otherwise penalties that may have been assessed in May be forgiven.
- 6 Dennis Renk made a motion for the away tournaments that "Blind Draw" individuals not be awarded any prize money should they contribute to that groups requiring the blind draw's net scores. Monies, otherwise awarded to the 4th member of the group, will be placed in the Tournament Director's "Slush Fund". The motion was seconded by Don Sifter and approved by majority vote of the membership.
- 7 Jay Horton raised the question of why not having two closest and two longest putts instead of one each. Dennis Renk explained that it is a function of the number of participants. However, we have no firm rules but maybe we should... Subject for next meeting
- 8 Bill Danko raised a question from the floor questioning why we play 80% of indexes for net skins on Tuesdays and 100% on Thursdays. Dennis Renk explained that on Thursdays we pay off in real time because we have a smaller group (nominally less than 24) and it is easy to determine skins with a minimum of errors.
On Tuesdays there are approximately 8-12 players in the gross skins game and 30-40 in net skins. Typically on Tuesdays there are 3-5 scoring errors (addition, subtraction, incorrect handicaps, etc.). As a result of these errors the Board approved of calculating skins off-line and making the money distributions a day or more after the event.
Included in Bill's question was why we only use 80% of the indexes for net skins on Tuesdays. 80% is arbitrary but it is based on the fact that high handicap players are less consistent than the low handicappers.
- 9 The meeting was adjourned at 12:35 pm.

- 3 The Financial Report was read and approved.
- 4 The recommendations by the Handicap Committee were read to the membership. In summary they state:
Effective August 1, 2008, all adjusted scores will be recorded on a green sheet supplied by the board. Recorded scores will be verified using your score card and then posted to the PubLinks database.
The recommendations further state:
A four (4) step progressive corrective action system should be established and implemented when scores are incorrectly posted or not posted at all.
1st occurrence - Verbal notification
2nd occurrence - Written notification
3rd occurrence - Lowest score for most recent 20 games will be posted
All subsequent occurrences - Course par will be posted.
- 5 A motion was made by Dick Willeford, seconded by Leo Woss, to accept the above recommendations. The motion was passed by the membership at large with the proviso that the procedure be implemented on a calendar year basis.

- 1 The meeting was called to order at 12:10PM by Vice- President, Pete Gersbacher.
- 2 There were no minutes of prior month's meeting as noted in the August 12 journal entry.
- 3 The Financial Report was read and approved.
- 4 President Whitson then assumed control of the meeting. As there was no old business to address, the floor was opened to new business.
- 5 Bill Danko suggested that the current practice of winter rules on fairways only be expanded to include the roughs. It was noted that the roughs do not have similar problems of that of the fairways. Further President indicated that full implementation of winter rules will result in excessive line of sight relief. There was no further discussion re this matter.
- 6 Bill Danko made a motion that net skins employ 100% of one's index rather than 80%.currently in use. Dennis Renk made the point that this would unfairly penalize the low handicap, more consistent member. Did not matter, the motion was seconded by Pete Gersbacher and the motion was passed. (Note: most of those voting were high handicappers: the lower handicappers were not present at the meeting ... point is guys ... participate in the General Membership meetings or do not bitch about the results).
- 7 Pete Gersbacher suggested that zeroing the "Pinning" slate at two calendar years rather than the one calendar year recommended the "Handicap Committee". No action was taken.

 - b. If the ball's original position was on the fairway, it must remain on the fairway. If it was in the rough it must remain in the rough.
- 5 Steve Whitson suggested that instead of having Gross skin competition on Tuesdays, we change the game to net skins with a maximum of one pop per hole. The two pop maximum game would continue. It was generally agreed that we would try it for a month or so and then decide.

 a. Using 100% of the one's handicap (favored by high handicap players but not liked by the better players).
 b. Playing off of the participating lowest handicap player (not liked by either the high or low handicap player).
 c. Using a percentage of one's handicap.
 d. Limiting the number of "pops" on par 3's to one stroke.
5 Jerry Reed made a motion, seconded by Ivan Bradley, to employ the same procedure that the Friday skin players use. That is to use only 50% of one's handicap with no more than one "pop' on any hole. The motion was defeated by majority vote.

- 5 Lowell Renold suggested that we hold our away tournaments on the last Thursday of the month instead of the last Tuesday. The thought being that since we are getting lesser participation at the "aways" on the last Tuesday of the month than on other Tuesdays it would not hurt to try. Since there appeared to be some interest, the Tournament Director was charged too investigate.
